

OUTSTANDING PHILANTHROPIST AWARD

The Gregory Family

Ray Gregory, founder of Gregory Industries, attributes his success to belonging to a very generous, supportive community. Ray, his son **Steve Gregory**, and daughter-in-law **Lisa Warburton-Gregory** have made a positive difference in the lives of so many by giving back with their resources, time and involvement to several organizations.

Aultman Hospital has been a passion of Ray and the late Virginia Smyth Gregory as well as Steve and Lisa. Ray served on the board of directors from 1963 – 1984, serving as chairman of the board from 1978 – 1980. Virginia was a founding member of the Women’s Board of Aultman Hospital in 1969 and served until 1994. Steve has been on the board of directors since 1999, serving as Board chairman from 2011 – 2013. Lisa joined the Women’s Board in 2002 and is still currently very active.

Presenting Sponsor

The Gregorays donated a state-of-the-art training center—The Gregory Family Training Center—located in the College of Nursing and Health Sciences at Aultman. They also give a scholarship which covers a student’s tuition each year at Aultman College in memory of Ray’s sister.

Steve and Lisa currently chair the Alexis de Tocqueville Society for United Way of Greater Stark County. They were the Honorary Chairs of the Wilderness Center’s 2013 auction, and Lisa has chaired the annual fundraiser for Meals on Wheels of Stark and Wayne Counties for the past two years. She currently serves as the Child & Adolescent Behavioral Health (C&A) Immediate Past President of the Board.

nominated by

**Child & Adolescent
Behavioral Health and
The Aultman Foundation**
